

Announcement of Our Exhibition at ITE 2024

We hope this letter finds you well and thriving. We are incredibly grateful for your continued support. We are pleased to announce that we will be exhibiting at the International Imaging Equipment Expo 2024, which will be held from December 4th (Wednesday) to December 6th (Friday) at Pacifico Yokohama. At this exhibition, we will be showcasing dynamic displays of products including cables and repeaters compatible with CoaXPress CXP-12 and CXP over Fiber. Moreover, we will present enhanced versions of our previous products, including CameraLink-HS AOC with Armored cables, USB3 Vision cables, and long-distance camera cables, along with many other new and improved products. We understand that you have a busy schedule, however, we would be honored if you could find the time to visit us and view our exhibition. We kindly request your continued support and patronage for our products.
