November 2026

Dear Valued Customer,

Invitation to the International Technical Exhibition on Image Technology 2026

HIRAKAWA HEWTECH CORP.

We are pleased to announce that HIRAKAWA HEWTECH CORP. will exhibit at the “International Technical Exhibition on Image Technology 2026,” to be held at PACIFICO Yokohama from Wednesday, December 2 through Friday, December 4, 2026.
Our booth will feature a live **USB3 Vision** demonstration, **CoaXPress CXP-12** compatible cables and repeaters, and a live demonstration of **CXP over Fiber** cables. We will also present an expanded lineup, including **Camera Link HS AOC** armored cables and long-distance camera cables. In addition, cables for moving applications in robotic systems will be on display, together with a wide range of products from HIRAKAWA HEWTECH Group companies, including Yoshinogawa Electric Wire & Cable Co., Ltd. and Connpro Industries Inc.
We would be delighted to welcome you to our booth and introduce these solutions in person. We look forward to seeing you at the exhibition and sincerely appreciate your continued interest in our products.
